Call for Pre-Conference Courses - VIDYEN

We are seeking proposals for preconference workshops that explore current and emerging topics related to dental education and interprofessional education. The topic does not have to correspond with the overall conference theme / subtheme. These 3-hour interactive 'Masterclass' sessions aim to impart specific skill sets to participants that they can apply in their own settings. This consists of an introduction to the workshop followed by the main interactive component with ample opportunities for audience participation, interaction and discussion. We welcome co-facilitation.

Pre-Conference Workshop format

All abstracts will be blind reviewed by peers in the scientific committee. Presenters with accepted abstracts will be notified by the date indicated above and should register before the deadline. However, to be included in the final program, all abstract presenters with accepted abstracts will need to register no later than **01st September 2024**. The conference organizers reserve the right to remove anyone from the conference proceedings and the final program who has not registered by this date.

Please note:

Authors may submit multiple abstracts for any presentation type (workshops, oral presentations, posters, Yenvision - Lightning talk). Any abstract submitted may be considered by reviewers for a different type of abstract than the one submitted (e.g., you have submitted for an oral presentation but could be accepted as a poster presentation).
