About VIDYEN

Virtual International Dental Education Conference (VIDYEN)

This year, we invite stakeholders in Dental Education across the world to showcase their innovations to advance Dental education and practice for overall improvement of Dental Education and in general to improve quality of Dental Education and an empowered Oral Health workforce. The Call for Abstracts has been intentionally designed to provide opportunities for groundbreaking new models and evidence-based interventions that enrich existing knowledge and move toward outcomes and impact.

VIDYEN is planned on a virtual format, enabling diverse contributors to attend, learn and work together over three days on a platform which is easier to connect. Build Collaborations and learn from each other so that we reach the ultimate goal of restructuring the dental education through coordinated efforts.

Theme:
Restructuring Dental Education through
Competency Based Dental Education

Sub Theme:
1. Assessment in Competency Based Dental Education
2. Teaching & Learning in Competency Based Dental Education
3. Interprofessional Education in Dental Education
4. Translational Research in Competency Based Dental Education
5. Incorporation of Competency Based Dental Education in Primary Health Care

* All Health Care Professionals are encouraged to submit their research work which can lead to overall understanding and Development of outcome based, Competency Based Dental Education.
